About the Community Distribution Center

The Community Distribution Center, funded by Connecticut's Department of Public Health and operated by AIDS Connecticut, is responsible for disseminating educational materials that provide a wide range of age appropriate and culturally specific health information. These materials are provided at no cost to individuals, schools, businesses, and community organizations in Connecticut. Available materials include booklets and posters (English and Spanish) on a variety of health topics. The center also distributes male and female condoms, dental dams and lubricant to organizations throughout the state.

A new online store was introduced on May 3, 2016. The new site requires users to register and set up an account for ordering. Once registered, each account will be reviewed and placed in a specific group which will determine your access to prevention and outreach supplies based on DPH guidelines.

How to Register:

- Go online to <http://www.aids-ct.org/cdc.html>
- Click on the "ONLINE STORE" button in left sidebar
- Click on "Sign in" in the top, right corner
- Enter your email address and click "Create an account"
- Complete all required fields and click on "Register"

How to Place an Order:

- Items can be found using the menu categories or the search option
- Click on "Add to cart" to add items to your order
- Click on "Continue shopping" or "I confirm my order" to finish
- You will receive a confirmation email with your order details

Please Note:

Your order may be modified or canceled if it is determined that you have exceeded the order limits set by DPH. For specific questions or for assistance with placing an order, contact Asia Meadows, Associate Community Distribution Center Manager, at 860-247-2437 x312 or cdc@aid-ct.org.
