

Department of Public Health (DPH)

Condom Ordering Policy

Purpose:

The purpose of this policy is to ensure that HIV Prevention Programs supported by DPH funds receive priority for condom ordering and to ensure condoms are not depleted and are available throughout the year to organizations that serve HIV-positive persons and persons at highest risk of acquiring HIV infection.

Goal:

To ensure that condoms are available free of charge, to HIV-positive persons and persons at highest risk of acquiring HIV infection, at all times by instituting ordering limits on agencies and individuals funded and not funded by DPH.

Objectives:

- To reduce the risk of HIV and other STD's in the community by having condoms free of charge and available to people who are sexually active.
- To reduce the associated barriers in accessing condoms, including financial cost, by having condoms available free of charge at the Community Distribution Center operated by AIDS CT (ACT).
- To provide availability and accessibility of different condoms throughout the year by instituting condom ordering limits.

Policy:

The following are maximum limits on the amount of condoms allowed to be ordered monthly:

- **Approved HIV Prevention Funded Contractors** (those under contract that are funded by DPH to provide HIV Prevention Services or who are supported with supplies such as HIV test kits directly from DPH):
 - Male latex condoms 5 cases (5,000 pieces) per month
 - NOTE: Condoms from the ONE product line are limited to 2 cases
 - Female Condoms 2 bags (200 pcs)
 - Dental dams 2 pkgs (40 pcs)
 - Non-latex Condoms 2 sleeves (500 pcs)
 - Lubricant 4 pkgs (200 pcs)
 - Finger Cots / Condoms 1 box (144 pcs)

- **Agencies with Multiple Site Locations (Per Location)**
 - Male latex condoms 1 case (1,000 pieces) per month
 - Female Condoms 1 bag (100 pcs)
 - Dental dams 1 pkg (20 pcs)
 - Non-latex Condoms 1 sleeve (250 pcs)
 - Lubricant 1 pkg (50 pcs)
 - Finger Cots / Condoms 1 box (144 pcs)

- **Non-DPH funded organizations**
 - Male latex condoms 2 cases (2,000 pieces) per month
 - NOTE: Condoms from the ONE product line are limited to 1 case
 - Female Condoms 1 bag (100 pcs)
 - Dental dams 2 pkgs (40 pcs)
 - Non-latex Condoms 1 sleeve (250 pcs)
 - Lubricant 2 pkgs (100 pcs)

- Finger Cots / Condoms 1 box (144 pcs)
- **Individuals**
 - Male Latex Condoms 500 per month
 - Female Condoms (20 pcs)
 - Dental dams 1 pkg (20 pcs)
 - Non-latex Condoms (20 pcs)
 - Lubricant 1 pkg (50 pcs)

Organizations that distribute condoms should explore all options for acquiring safer sex materials. The Community Distribution Center is not intended to be the sole source of condoms in Connecticut, even for organizations whose focus is HIV and STI prevention. Instead, the Community Distribution Center should be seen as a complement to other resources.

NOTICE: There are no assurances that the itemized products will be in stock. The Community Distribution Center reserves the right to:

1. Deny any order in whole or in part;
2. Adjust the quantity of orders; and
3. Substitute items.
