

**Are you in need of EMPLOYMENT SERVICES and HOUSING?**

You may qualify for a new study about providing HIV treatment, health services, and **housing** to people living with HIV/AIDS at Yale School of Medicine. Qualified participants can participate in a study with one-on-one interviews and a referral for mental health and substance use counseling and treatment (on- site), including Suboxone and Vivitrol.

**You will receive gift cards to compensate you for your time.**

If you would like to participate or learn more, please contact us at the number below!
