

The VASH funded PSH programs will only need to provide a Total Household count and Total Person count. For each table provide those counts. If you don't have numbers for households and/or persons on any of the tables the just enter a '0' in the household field and total person field. All other fields can be left blank.

Example table with counts:

If you have counts on this table then you also have to provide counts in the Veteran Households with Adults and Children table as well.

**Households with at least One Adult and at least One Child**

This section doesn't apply to this program. This button will zero all values in this population group.

Population Breakdown	
Total number of households	<input type="text" value="2"/>
Number of these which are chronically homeless households	<input type="text"/>
Total number of persons	<input type="text" value="4"/>
Number of minors (under age 18)	<input type="text"/>
Number of youth (age 18-24)	<input type="text"/>
Number of adults 25-34	<input type="text"/>
Number of adults 35-44	<input type="text"/>
Number of adults 45-54	<input type="text"/>
Number of adults 55-64	<input type="text"/>
Number of adults over age 64	<input type="text"/>
Number of chronically homeless persons	<input type="text"/>

Gender (Each client should be counted in only one box below)	
Male	<input type="text"/>
Female	<input type="text"/>
Transgender	<input type="text"/>
A gender that is not singularly female or male	
Questioning	<input type="text"/>
NonSubstantive	

Ethnicity (Each client should be counted in only one box below)	
Hispanic/Latin(a)(o)(x)	<input type="text"/>
Non-Hispanic/Non-Latin(a)(o)(x)	<input type="text"/>

Race (Each client should be counted in only one box below)	
White	<input type="text"/>
Black, African American or African	
Asian or Asian American	<input type="text"/>
Native American, Alaskan Native, or indigenous	
Native Hawaiian or Pacific Islander	<input type="text"/>
Multiple Races	<input type="text"/>

Example table without counts:

If you did have counts on this table you would also need to provide the counts in the Veteran Household with Adults only below.

**Households without Children**

This section doesn't apply to this program. This button will zero all values in this population group.

Population Breakdown	
Total number of households	<input type="text" value="0"/>
Total number of persons	<input type="text" value="0"/>
Number of youth (age 18-24)	<input type="text"/>
Number of adults 25-34	<input type="text"/>
Number of adults 35-44	<input type="text"/>
Number of adults 45-54	<input type="text"/>
Number of adults 55-64	<input type="text"/>
Number of adults over age 64	<input type="text"/>
Number of chronically homeless persons	<input type="text"/>

Native American, Alaskan Native, or indigenous	
Native Hawaiian or Pacific Islander	<input type="text"/>
Multiple Races	<input type="text"/>

Example veteran specific table with data that relates to the primary table Households with Adults and Children above. If you didn't any counts in the Households with Adults and Children table, then this table would have '0' entered for households, total person and total veterans.

**Note:** The veterans counted in this section should have also been included the primary population tables above.

**Veteran Households with at least One Adult and at least One Child**

This section doesn't apply to this program. This button will zero all values in this population group.

**Population Breakdown**

Total number of households

Number of these which are chronically homeless households

Total number of persons

Total number of Veterans

Number of chronically homeless persons

**NOTE: These counts should reflect the veterans only**

**Gender (Each client should be counted in only one box below)**

Male

Female

Transgender

A gender that is not singularly female or male

Questioning

NonSubstantive

**Ethnicity (Each client should be counted in only one box below)**

Hispanic/Latin(a) (000)

Non-Hispanic/Non-Latin(a)(000)

**Race (Each client should be counted in only one box below)**

White

Black, African American or African

Asian or Asian American

Native American, Alaskan Native, or Indigenous

Native Hawaiian or Pacific Islander

Multiple Races

Example of veteran specific table with data that relates to the Households with only Adults table above:

If you had counts in the Households with Adults only table then you would need to also provide them here and identify the veteran count

**Veteran Households without Children**

This section doesn't apply to this program. This button will zero all values in this population group.

**Population Breakdown**

Total number of households

Total number of persons

Number of these which are chronically homeless persons

Total number of Veterans

**NOTE: These counts should reflect the veterans only**

**Gender (Each client should be counted in only one box below)**

Male

Female

Transgender

A gender that is not singularly female or male

Questioning

NonSubstantive

**Ethnicity (Each client should be counted in only one box below)**

Hispanic/Latin(a) (000)

Non-Hispanic/Non-Latin(a)(000)

**Race (Each client should be counted in only one box below)**

White

Black, African American or African

Asian or Asian American

Native American, Alaskan Native, or Indigenous

Native Hawaiian or Pacific Islander

Multiple Races

Example of the summary table:

Check your summary data. If you are over or under utilized then provide the necessary information and click confirm and save

### Summary

#### Totals

Population Count Totals	
Total number of households	<input type="text" value="2"/>
Total number of persons	<input type="text" value="4"/>
Beds Reported	
Total number of beds	164

#### Overutilization

A reason or explanation is required if overutilization exceeds the set threshold.

##### Reasons for overutilization

- Beds have multiple occupants
- Cribs in use
- Other

##### Further overutilization explanation

#### Underutilization

An explanation is required if underutilization exceeds the set threshold.

##### Underutilization explanation

#### Certification

- I am not finished entering data, and wish to save my place to continue later,  
- or -  
These counts appear to be incorrect, and I will come back after making the appropriate changes in HMIS.

I hereby affirm that these counts have been verified and are accurate.
